FESCO Announces November 2016 and Eleven Months Year-to-Date Trading Update

FESCO Transportation Group (the “Group” or “FESCO”) reports the Group’s interim key operating metrics and financial performance indicators for November 2016 and the eleven months ending November 30, 2016 (the “Monthly Update”). The purpose of the Monthly Update is to provide investors with key financial and operational results on a regular basis. The more detailed analysis and discussions regarding FESCO’s performance is disclosed on a quarterly basis.

The information in this Monthly Update has been prepared and based on preliminary operating and financial results. This Monthly Update does not contain sufficient information to constitute a full set of financial statements. The numbers in this Monthly Update have not been audited. FESCO publishes consolidated financial statements prepared in accordance with International Financial Reporting Standards (IFRS) on a quarterly basis.

The following preliminary results may differ from financial statements prepared in accordance with IFRS. This Monthly Update includes measures of financial performance that are not a measure of financial performance under IFRS, such as “EBITDA” and “EBITDA margin”. “EBITDA” should not be considered as an alternative to cash flows from operating activities, a measure of liquidity or an alternative to net profit or indicators of the Company’s operating performance or any other measure of performance derived in accordance with IFRS. Because these are not IFRS measures, “EBITDA” and “EBITDA margin” may not be comparable to similarly titled measures presented by other companies.

Key Market Indicators¹

	November 2016	October 2016	Change, % MoM	November 2015	Change, % YoY	11M November 30, 2016	11M November 30, 2015	Change, %
Container throughput in the Far Eastern ports (ths TEU) ²	86.7	85.2	+1.8	78.8	+10.0	819.0	839.7	-2.5

Bunkering volumes (ths tonnes)	15.4	6.6	+132.8	23.3	-34.1	100.4	415.6	-75.8

⁶ The total days that a vessel is available for employment, net of off-hire days associated with major repairs, upgrades, dry dockings or special or intermediate surveys

IMPORTANT NOTICE:

These materials may contain forward-looking statements regarding future events or the future financial performance of Far-Eastern Shipping Company PLC (the "Company"). You can identify forward looking statements by terms such as "expect", "believe", "estimate", "anticipate", "intend", "will", "could", "may", or "might", the negative of such terms or other similar expressions. These forward-looking statements include matters that are not historical facts and statements regarding the Company's intentions, beliefs or current expectations concerning, among other things, the Company's results of operations, financial condition, liquidity, prospects, growth, strategies, and the industry in which the Company operates. By their nature, forward-looking statements involve risks and uncertainties, because they relate to events and depend on circumstances that may or may not occur in the future. The Company cautions you that forward-looking statements are not guarantees of future performance or outcomes and that the Company's actual results of operations, financial condition, liquidity, prospects, growth, strategies and the development of the industry in which the Company operates may differ materially from those described in or suggested by the forward-looking statements contained in these materials. In addition, even if the Company's results of operations, financial condition, liquidity, prospects, growth, strategies and the development of the industry in which the Company operates are consistent with the forward-looking statements contained in these materials, those results or developments may not be indicative of results or developments in future periods. Any forward-looking statements that are made in these materials speak only as at the date of this announcement. The Company does not intend to update these statements to reflect events and circumstances occurring after the date hereof or to reflect the occurrence of unanticipated events. Many factors could cause the actual results to differ materially from those contained in forward-looking statements of the Company, including, among others, general economic and market conditions, competitive environment, risks associated with operating in the relevant jurisdictions, as well as many other risks specifically related to the Company and its operations, including those discussed in these materials.

These materials are not intended to and do not constitute investment advice. These materials do not constitute or form any part of and should not be constructed as an offer or commitment to sell or issue, a solicitation, recommendation, commitment or invitation to subscribe for, underwrite or otherwise acquire, and should not be construed as an advertisement for, any securities of the Company or any member of the Group in any jurisdiction or an inducement to enter into investment activity in any jurisdiction.

About FESCO

FESCO is one of the leading privately-owned transportation and logistics companies in Russia with operations in ports, rail, integrated logistics and shipping business. Diversified but integrated asset portfolio enables FESCO to provide door-to-door logistics solutions and control almost all steps of the intermodal transportation value chain. The majority of FESCO's operations are located in the Russian Far East.

FESCO is one of the leaders of container transportation through the Russian Far East via international sea container lines to/from Asian countries, domestic sea container lines and by rail. FESCO is one the leading port container operators in the Far East region.

FESCO controls the Commercial Port of Vladivostok which has throughput capacity of 3.9 million tons of general cargo and oil products, 150,000 vehicles and over 600 thousand TEU of containers. In 2015, total container throughput at the Commercial Port of Vladivostok amounted to 345 thousand TEU. FESCO is one of the major Russian private rail operators with fleet of 3.5 thousand container platforms. FESCO has a fleet of 20 vessels, mostly deployed through own sea service lines.

In addition, the Group has a 50% interest in JSC Russkaya Troyka and 25.1% interest in PJSC TransContainer.
